

Editora ABRIL S.A.

Att Mr. Dario DiMare  
Dario Designs

We want to congratulate your personnel for the service provided to our Printing Plant. Dario Designs' support in the acquisition of a commercial web offset press was very important for the success of the project.

We have appreciated the bidding method used, the configuration procedure and simulation model, the participative making of the RFP, the equal-condition-based participation of the bidders and specially the highly committed behavior showed by Dario's people, dedicating time, effort, many calls, e-mails and meetings to guarantee the conditions necessary for the dimension and importance of this project for our company.

Sincerely,

Brazil, August 2008

Division Director  
Printing Business Unit
