

Att Mr. Dario DiMare
Dario Designs

We want to congratulate your personnel for the service provided to our Printing Plant. Dario Designs' support in the acquisition of a commercial web offset press was very important to the success of the project.

We have appreciated the bidding method used, the configuration procedure and simulation model, the participative making of the RFP, the equal-condition-based participation of the bidders and especially the highly committed behavior shown by Dario's people.

We are also impressed with Dario Designs' performance, dedicating time, effort, many calls, e-mails and numerous meetings to guarantee the conditions necessary for the dimension and importance of this project for our company.

This commitment was highly valuable, considering the breadth of scope of this project to our company. The final result was a successful project and the beginning of a new relationship with Dario Designs.

Sincerely,

Division Director
