Framingham, MA 01701

Dear Dario:

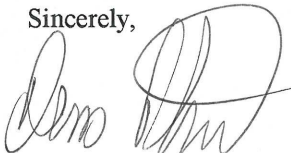

I am writing this letter to acknowledge my recent experience with Dario Designs Inc. We hired Dario Designs to assist us in complying with the new environmental regulations enacted in the Commonwealth of Massachusetts. The services your organization provided consisted of an environmental and safety audit of our newspaper and commercial printing operations.

The study your organization provided was very thorough and comprehensive, while at the same time presented in a professional and understandable format. Dario Designs guided us through areas where we were uncertain of the latest compliance regulations and procedures. Your people actually spoke with our local regulatory agencies on our behalf and made a very complex permitting procedure easy. We even received compliments from our local sanitary district as to what a pleasure it was to work with such a knowledgeable and committed organization.

During their audit, they uncovered issues we were totally unaware of, and assisted us with solving the problems in a quick and economical manner.

Dario Designs gave us more than we expected and I would highly recommend your organization to any company considering similar services. If any potential clients would like to discuss your organizations capabilities, please feel free to have them contact me at 1-508-685-1000, extension 249.

Sincerely,

Pulitzer Prize Winner
