

Dean C. Temple, RA
Architect, Dario Designs Inc.

Mr. Temple is an architect and project manager, leading teams on projects ranging from a senior living complex to a concrete manufacturing plant. His knowledge and positive demeanor have resulted in many life-long professional relationships.

Mr. Temple has over 20 years of experience working in the field of architecture and construction. During this time, he has managed designers, draftsmen and office support staff. Responsibilities have included preparation of construction documents, construction administration and project closeout. He has worked in a project management capacity directing major hotel and nursing home renovations. His project management experience ranged from surveying hotels to determine needs, pre-design through construction completion. It included budgeting, hiring architects and interior designers, review of documents for compliance with brand standards and local codes, securing approvals from owners and franchisers, hiring/managing contractors for renovation projects, and project closeout.

Mr. Temple was the principal of his own firm for four years, completing commercial, retail, residential and medical projects. He has worked with Dario Designs as a consultant, has hired Dario Designs to do work for him at his firm, and is now employed at Dario Designs. He has over 20 years of experience using AutoCAD and has recently become Revit Certified.
