Dear Dario,

On behalf of NAA members and the staff, we thank you for participating in an informative and insightful round table discussion on 'Rising Opportunities' at NAA's Newspaper Operations SuperConference 2002 in Phoenix. Based on feedback from Conference participants, the session was well received.

You effectively participated and discussed several issues that are critical to newspaper operations. We are sure that session attendees both enjoyed and gained substantial insight from your participation. We appreciate your taking the time and effort to prepare for it and share your knowledge and expertise on the subject.

You can view TechNews summaries of conference sessions by clicking on the "Live from Phoenix" link at <http://www.naa.org/conference/super2002/index.htm>. NAA is also adding presentation files that it has received from speakers to the SuperConference Web site. If you want to have your presentation added to the sites, and have not provided us with the file, please send it to Suzann Thomas's e-mail address: thoms@naa.org.

Once again, we appreciate your contribution in making SuperConferece 2002 a great success. The newspaper industry is grateful to you for sharing your expertise and experiences.

Best regards,

Tom Croteau
