

RUTLAND

HERALD

To Whom It May Concern,

6-30-96

This letter is to introduce Dario DiMare, AIA. Dario was contracted by the Rutland Herald to assist with a long range planning project involving possible land use and building redesigns.

We found him to be especially knowledgeable about a wide variety of newspaper equipment and its building requirements and operational needs. Dario also displayed thorough knowledge of architecture, building components and construction.

His work was thorough and he willingly advised our legal counsel on matters pertaining to a large municipal project that required the taking of a piece of our property.

I can say from first hand experience that Dario DiMare is easy to communicate with, thorough with detail, an innovative thinker and a very good listener. I recommend his services for planning and design without reservation.

Sincerely,

A handwritten signature in cursive script that reads "Robert G. Miller".

Robert G. Miller
Vice President and General Manager
