Mr. Dario D. DiMare, AIA
President
Dario Designs Inc.
116 Middle Road
Southborough, MA 01772

Dear Mr. DiMare:

MediaNews Group has used Dario Designs on numerous projects, from California to Pennsylvania.

We feel that you have always looked out for our best interests and have been attentive to cost constraints, saving us money with functional and creative layouts. Dario Designs' knowledge of newspapers, from the advertising and editorial departments through the pressroom and mailroom is impressive. Your familiarity with newspaper equipment and the various suppliers has proven to be a real asset to our projects.

We have always found Dario Designs to be a trustworthy company and I would highly recommend your company's services to any one considering the design or renovation of a newspaper or commercial printing facility.

It has been a pleasure using your company over the years, and please feel free to have any of your potential clients contact me if they would like to discuss your qualifications in further detail.

Sincerely,

W. Dean Singleton
